

An illustration of a woman with long brown hair, wearing a yellow and brown striped cardigan, with her arms raised. She has a serene expression. Above her, a large, faint, circular shape contains various falling leaves and small faces with different expressions. The background is a light, textured blue.

ABUSE AND SEXUAL ABUSE

What is abuse?

The use of mental and physical violence against other people, such as:

- Threats
- Force
- Isolation
- Beating
- Kicking
- Pulling hair
- Forced marriage

What is sexual abuse?

When one harasses or physically exploits a person through a sexual act.

Children are subjected to sexual abuse when they are included in sexual activities they fail to understand the consequences of, and which they are far too immature to consent to.

We know that domestic violence happens in all types of communities. Abuse affects children, youths, adults and the elderly – regardless of gender, age and ethnic background.

Does this affect you? Contact us – we're here for you!
